👑 DIGYNEX 360 BOS: THE MASTER EXECUTIVE MANIFEST

"Mission-Critical Operational Sovereignty" (v2.2.0 - 2026 Edition)

This is the **Definitive Master Reference** for the DigyNex 360 Business Operating System. It defines the core strategic logic and automation synergy for the entire organizational ecosystem.

🏛️ SYSTEM STATUS & ARCHITECTURE

- **Global Intelligence Engine:** AI Neural Core v4.2 (Synchronized)
- **Automation Pipeline:** n8n Distributed Orchestration (24+ Nodes Active)
- **Data Sovereignty:** Enterprise-grade RBAC & Supabase Persistence
- **Cross-App Sync:** Real-time Parity with CMS & TMS Clusters

---

🎯 EXECUTIVE MODULE SYNERGY

Module	Core Strategic Logic	System Outcome
Project Nexus	Long-term portfolio stewardship and variance audit.	Preventative financial leakage ($ Governance).
Social Viral Hub	Automated lead discovery & social orchestration.	Social market dominance & high-speed reach.
Operations Hub	High-speed tactical execution & PO/Invoice matching.	Forensic auditing of the daily daily burn rate.
BI Intelligence	Global health monitoring & AI manifest generation.	Board-ready performance data in real-time.

🤖 THE N8N AUTOMATION ARCHITECTURE

Every "Outreach" or "Report" command triggers a secure **n8n Workflow**. This bridge removes manual switching between CMS and Social Platforms, allowing the system to scale autonomously.

🗓️ GOVERNANCE & VERSION CONTROL

- **BOS Version:** v2.2.0 (Integrated AI Growth & Global Sync)
- **Authorized For:** Master Executive Export Only
- **Sync Parity:** 1:1 with `SalesNexusView`, `BIReportsView`, and `CRMView`.
